Transport to School

We encourage healthy lifestyles and efforts to minimize carbon emissions.

Cycles (This refers to bicycles; it is not permitted to use a scooter)

1. All students who wish to cycle to school must inform their House Head of their intent. Permission will be given if there is adequate cycle rack space. Safety is paramount, so a Bikeability course is recommended, as is the wearing of a safety helmet.

2. Cycles may only be used for journeys between home and school. Cycling is not allowed within the school grounds. The one-way traffic system must also be adhered to at all times.

3. Students may not take another student's bicycle without the owner's consent.

Cars

1. When dropping off or collecting a student at the end of the school day, please do not block driveways. Parents/carers are reminded that the area around the school quickly becomes congested. A meeting point other than Buckingham Road or Fifth Road is therefore advised. A good walk would be an excellent way to begin and end the school day.

2. Please turn off engines when waiting to collect.

3. **Only** use the disabled parking bays if you have a blue disabled badge.

4. The school site is very busy at all times, particularly at the start and end of the school day. Please arrange to drop off/collect away from the school site. Please do not block the entry into school as coaches need to get through.

5. When using the school site we ask everyone to be extra cautious and follow the one-way system.

6. Buckingham Road has parking restrictions. Please be aware and obey the legal requirement.

Collecting Students during the School Day

Upon arrival at the school all visitors are required to report to Reception.
