December 2013

Dear Mrs Sims and Mr McGall

Many congratulations on what I gather from Graham was a thoroughly enjoyable, impressive and inspiring Well-Being and Health for Learning Programme Validation visit on 27th November 2013. Please pass on my thanks to everyone who played such vital roles over the past year.

Please find enclosed Graham's validation report. I trust that it is an accurate reflection of his visit and that he has captured the wealth of opportunities, ideas and achievements that were experienced on the day. I am truly delighted to report that your school will be awarded with your certificate and I hope that you will display it proudly so that everyone can appreciate your considerable accomplishment!

I do hope that you will be able to maintain your involvement with the Well-Being and Health for Learning Programme in the coming year. Jan and I are very keen to continue working with you so would like to offer your school a reduced rate of £1800 for a further year's licence with us.

Congratulations again and all the best for continuing your excellent work!

With all good wishes,

Joanna Feast

Director, The Well-Being and Health for Learning Programme
