WORLD CUP CELEBRATIONS

Last week I was really pleased to announce the winning tutor groups in our

World Cup competitions and the results are published opposite.

All students have participated in some way and it has led to some excellent teamwork and creativity. All tutor groups have researched different cultures and countries and learnt a lot from the activities. I have been very impressed as I have visited all the tutor groups to judge. I have walked into an Amazon rainforest, been greeted by a kangaroo, welcomed in numerous languages and been invited to try food from around the world. I have appreciated works of art like a recycled Eiffel Tower, the German flag made from Lego, a tree, Greek Gods, to name a few. Well done to all the students involved.
