YEAR 11 GRAPHICS TRIP TO MARWELL ZOO

On Tuesday 18 September, the Graphics Department took all Year 11 GCSE Graphics students to Marwell Zoo for the day. The students are aiming to develop their own branding and promotion for the different animal enclosures at the zoo as part of their coursework.

Students had the opportunity to photograph the animals and their different environments. Due to the lovely weather, most of the animals were out and about. The highlights for both staff and students were the tigers, giraffes and otters!

ST BART'S ALUMNI

Calling all past students! St Bart's has a new Alumni association. We have already welcomed several members back to school for special events. Please join up to our Future First network to make sure you receive newsletters and information. The portal is at: http://bit.ly/2E2N4FL

SCHOOL UNIFORM

It has been excellent to see so many students starting the year wearing their full school uniform with pride. In the interest of clarity, we wanted to make the following points:

- Students are expected to wear their blazer each day. If a jumper is required for additional warmth, this should be worn under the blazer.
- One small stud in each ear is accepted. No facial piercings are allowed.
- Skirts and trousers must have the House logo on them, with the PE skort being unacceptable for wearing around school.

In the event of any difficulties obtaining the appropriate uniform - please contact the House office.

SCHOOL ABC

A reminder that our School ABC was created by Year Councils and sets out clear guidelines which help to ensure success for all students:

Always listen

Be polite

Cooperate

Schools' Laser Pentathlon National Final
Following on from their success in the Laser Pentathlon competition which took place at the School Games competition at Bisham Abbey, two St Bart's students, Scott Richards and Alfie Letman, were selected to compete in the School Games National Final in Loughborough.

The event ran over 3 days at the end of the summer holidays and also gave the boys the fantastic opportunity to meet a variety of Olympic athletes.

Laser Pentathlon includes the disciplines of running and shooting. The format of this race is a sprint of about 10m to shooting podiums and then shooting at a target. The target has three/four internal rings. You have to shoot into this area before completing a 400m run. This sequence is then repeated 3 times. There is also a relay, where you work in pairs.

Scott and Alfie participated for the South of England against the Midlands, Scotland and even competitors from Singapore.

Both boys competed extremely well given that they are only 14 and were up against older opponents, some of who were very experienced in this event.

Scott finished in 10th place and Alfie in 12th place in the individual event and 3rd in the team event.

The whole experience was extremely enjoyable. The boys met former gymnastic Olympian, now commentator, Craig Heap and Toby Garbett who is a world champion rower, as well as Katherine Granger, the most decorated female GB rowing Olympian.

Well done to both boys on their achievements.
