

## OUR EXPERIENCES

"The Young Enterprise Company programme was a great experience for me. Having attended a different school prior to joining sixth form, I found that this programme helped me to integrate into the school and meet new people. I would recommend this programme to any external students looking to join St. Bartholomew's School next year."

"Young Enterprise has been an incredible journey - not only did we create our own sustainable business, but we won multiple awards. It's a brilliant opportunity to learn real-world skills, build confidence and work as part of a great team."

**Charlie Gale**  
Company Administrator, Clean-Cut

"This programme was a valuable opportunity and it provided me with a greater understanding of the inner workings of a business."

We developed important collaboration skills and learnt the importance of communication and resilience. We were all thrilled to have achieved such success throughout Clean-Cut's journey and we were even recognised in the Newbury Weekly News for our success at the regional final."
